STATEMENT PURSUANT TO 37 C.F.R. 1.137(b)
BY PREVIOUS ATTORNEY OF RECORD

Mail Stop PETITION
 Commissioner for Patents
 P.O. Box 1450
 Alexandria, VA 22313-1450

Sir:

On October 19, 2007, Applicant submitted to the U.S. Patent and Trademark Office ("USPTO") a Petition to revive the above-referenced application under 37 C.F.R. §1.137(b) ("Petition"). In support of this Petition, the undersigned attorney, the previous attorney of record, makes the following statement:

1. The undersigned attorney filed a response to a final Office Action on March 15, 2005. Following the March 15th office action response the USPTO issued an Advisory Action on April 8, 2005. The undersigned attorney filed a request for continued examination ("RCE") requesting entry of the March 15th office action response on May 16, 2005.
2. Following the May 16th RCE, the USPTO issued a non-final Office Action on July 28, 2005. The non-final Office Action was received by the undersigned attorney. However, unfortunately, the non-final Office Action was inadvertently not entered in the undersigned attorney's computerized docket system. A copy of

the undersigned attorney's docket report for the above-identified application is attached, identified by Docket Number 113378-039. The docket report shows that the information from the non-final Office Action was not entered into the docket system. The omission of entering the non-final Office Action into the docket system was inadvertent and unintentional. A Response to the non-final Office Action was not submitted to the USPTO because the due date for the Response was inadvertently not docketed in the docket system. The omission of filing a Response to the non-final Office Action was completely unintentional.

3. The USPTO issued a March 20, 2006 Notice of Abandonment for this application. Though such Notice stated a correct address for the undersigned attorney's firm, the undersigned attorney has no record or recollection of receiving such Notice from the USPTO. A search of the undersigned attorney's patent application file and docket records indicates that such Notice was not received by the undersigned attorney. The undersigned attorney has no explanation for not receiving such Notice from the USPTO. The undersigned attorney remained unaware of such Notice (and the abandonment of this application) through August 2007, the date at which this application was transferred to the present attorney of record.
4. The entire delay in filing a petition to revive this application during the entire time period from the expiration of the six month date (January 28, 2006) for a Response to the non-final Office Action to August 2007 (the date upon which this application was transferred to the present attorney of record) was unintentional. The delay during this entire time period was unintentional because: (a) the omission of docketing the non-final Office Action was inadvertent and unintentional; and (b) the undersigned attorney was unaware of the abandonment of this application as of August 2007.

Respectfully submitted,
